Florence Ann Elwell is the youngest of many in a very large family, and was nicknamed "Babe" early on. As a young woman, she quickly grew her talents and skill in

the kitchen, and soon enough became everyone's "Aunt Babe".

The Ancestors of the Elwell family have been traced back to the early 1700's and predate even the earliest California Missions. The family recipes that have been passed down are California grown and for generations have been the foundation of the fine cooking you find here at Tia Babe's.

Thank you for dining with us and we hope to see you again soon.
